How can finance help the club?

1

Spread the cost of the asset or project over an agreed period of time to aid cashflow and not tie down all of your capital.

2

Enable you to complete projects in one go rather than having to spread the project over a number of months or years, possibly allowing you to save costs.

3

Allow you to budget better, or help you out when unexpected costs may occur.

4

Flexible repayment terms including the possibility of seasonal payments.

5

Taxation benefits may apply. You can claim Capital Allowances on a variety of assets that you finance and use at the golf club

Finance Products

Leasing

All the economic benefits of ownership with fixed rentals. You will have the ability to extend the lease upon expiry or with pre agreed disposal options.

Hire Purchase/Lease Purchase

We offer the facility to arrange seasonal payments. This can be tailored to repay the loan in keeping with your own seasonal cashflow.
